# PDS ABATTOIR SDN BHD

**PENGHASILAN PRODUK HASILAN DAGING  
JENIS COLD CUTS DAN FROZEN SEPERTI PEPPERONI,  
CORNED BEEF, BAKSO DAN LAIN-LAIN**

## AKTIVITI

## LATAR BELAKANG

PDS Abattoir Sdn. Bhd diasaskan oleh PM Dato Shariffuddin dan Lee Kheng Hua, dengan membina rumah penyembelihan yang bertaraf antarabangsa dan diktrif halal oleh Kerajaan Brunei di Kampong Batang Mitus, Tutong pada tahun 1998 dan mula beroperasi pada bulan Disember tahun yang sama. Pada tahun 2016 pula, PDS menubuhkan usaha sama dengan Darussalam Assets Sdn. Bhd.

PDS mengimport lembu untuk disembelih (Kacukan Eropah/Inggeris) dari Australia untuk menghasilkan daging lembu bagi pasaran tempatan dan antarabangsa. PDS mahir dalam pengeluaran daging sejuk dan beku potongan barat untuk pasaran khas, sekali gus melengkapkan pasaran daging halal tempatan yang sedia ada.

Untuk mempelbagaikan perniagaan, pada tahun 1999 PDS telah menubuhkan kilang pemrosesan produk makanan daging halal yang berkualiti, selamat, konsisten, dengan harga yang kompetitif bagi memastikan kepuasan pelanggan. PDS memproses produk makanan berasaskan daging lembu dan ayam halal, seperti sosej, burger, cornbeef, nuggets, bebola daging, daging kisar, daging sejuk yang telah diproses dan sebagainya.

PDS Abattoir beroperasi mengikut panduan Halal dari Majlis Ugama Islam Brunei, persijilan HACCP dan juga kriteria Logo Pemeriksaan Veterinar dari Jabatan Pertanian dan Agrimakanan.

## AKTIVITI

**Vanessa's Animate**  
100% NATURAL

**Animate** - A stimulating combination of pineapple, banana and passion fruit, heightened by an addition of freshly ground warm spices to invigorate your tastebud.

Spices, loaded with healthy compounds, fight inflammation. They deliver countless benefits to every aspect of your overall health.

Banana is high in potassium and magnesium, essential for heart and bone health. Its content of pectin and resistant starch act as a prebiotic for the growth of beneficial gut bacteria.

Pineapple and passion fruit are storehouses of nutrients, vitamins and minerals, contributing to a long list of health benefits.

Ginger, a potent medicinal herb used for centuries, is rich in bioactive isoprenes. Its pungent phenolic compounds, 6-Shogaol and 6-Gingerol are powerful anti-inflammatory and antioxidant agents.

**Vanessa's Pineapple Jam**  
100% NATURAL

**Pineapple** is an excellent source of manganese, a powerful "free-radicals" scavenger. It is rich in Vitamin C, a natural antioxidant to boost immunity, and synthesizes collagen. Pineapple is also rich in folate, thiamin, biotin, pyridoxine, riboflavin, copper, potassium and soluble/insoluble fibers. It's a storehouse of huge health benefits; improved oral, eye and bone health. It maintains tissue and cellular health, and is perfect against constipation, irritable bowel syndrome, dementia, cancer, heart diseases and arthritis. And... it's certainly delicious!

**Vanessa's Mighty Trio Jam**  
100% NATURAL

**Turmeric** is arguably the most powerful herb on the planet with its many healing properties. It is the most intensively researched spice for its selective cytotoxicity compared to adjoining degenerative diseases. It is a potent antioxidant, anti-inflammatory, antimutagenic, antimicrobial and anti-cancer agent. This superfood holds potential in treating diverse diseases such as Alzheimer's, diabetes, arthritis, depression, cystic fibrosis, obesity and cancer.

**Black Pepper** enhances the availability of nutrients, especially curcumin in turmeric.

**Galangal** is anti-inflammatory and shows promising anticancer, anticancer and antiparasitic properties. Like Turmeric, it's packed with phytonutrients, to enhance the powerful benefits of turmeric.

**Pumpkin** is fiber rich and extremely nutrient-dense. It contains flavonoids (lutein, zeaxanthin and cryptoxanthin), beta-carotene and vitamin C and E. These work to boost immunity, reduce the risk of colon cancer, heart disease and delay aging and body degeneration, as well as protect the eye from macular degeneration.

**Vanessa's Papaya Jam**  
100% NATURAL

**Papaya** is hailed as the "fruit of the angels" by Christopher Columbus! It is packed with antioxidants such as carotenes, flavonoids and vitamin C, which are anti-inflammatory, and prevent free radical damage, the leading cause of aging and other degenerative diseases. It is also rich in multiple vitamins, minerals and fibers, to work synergically in boosting immunity, promoting a healthy digestive and cardiovascular system, healthy skin and mucous membranes, protecting against muscular degeneration and cancer; especially colon cancer.

**Vanessa's Coconut Surprise**  
100% NATURAL

**Coconuts** are nutritionally dense. They're the top source of Medium Chain Fatty Acids on earth, easily digested in the body as quick fuel, supporting a strong metabolism and aid in weight loss, as well as increasing good cholesterol levels. They're the best source of lauric acid, a strong antimicrobial agent, and they boost the immune system.

**Gava** is packed with antioxidants, powerful tools in preventing free radicals from damaging cells and developing diseases. It's a good source of copper for regulating thyroid metabolism. Being high in fiber, it promotes digestive health, and regulates the absorption of sugar and fat in the body. This manganese rich fruit helps the body to absorb other key nutrients from the food we eat.

**Pineapple** is an excellent source of manganese, a powerful "free-radical" scavenger. It is rich in Vitamin C, a natural antioxidant to boost the immune system, and synthesizes collagen. Pineapple is also rich in folate, thiamin, biotin, pyridoxine, riboflavin, copper, potassium and fibers. It's a storehouse of huge health benefits; improved oral, eye and bone health. It maintains tissue and cellular health, and is perfect against constipation, irritable bowel syndrome, dementia, cancer, heart diseases and arthritis.

**Butterfly Pea Flowers** are high in anthocyanin, a natural antioxidant used in Coconut Surprise. Butterfly Pea is beloved by researchers to increase the level of neurotransmitter acetylcholine, thus improving thinking and enhancing memory.
